

### 3.5 What are some specific number demands?

Step	Additive Strategies	Multiplicative Strategies	Proportional Reasoning Strategies	Number Sequence	Place Value	Number Facts
1 <sup>st</sup>						
2 <sup>nd</sup>						
3 <sup>rd</sup>						
4 <sup>th</sup>						
5 <sup>th</sup>						
6 <sup>th</sup>						

Focus only on the specific number demands of your sample.

**What text or task did you use?**

*The sample text or task I used was ...*

**Why did you choose this as your sample?**

*I chose this because ...*

**Out of everything here, what are the most important progressions and steps?**

*From my analysis, the one important progression is ...*

*For my programme, this progression is at step/koru ...*

*The reason it's at this step is because ...*

*Another important progressions is ...*

*This progression is at step/koru ...*

*The reason it's at this step is because ...*

**How did you arrive at your judgements?**

*Some examples that show how I arrived at my judgements for these progressions and steps are:*

**What about planning for assessment and teaching?**

*Thinking ahead, some areas that I might need to focus on are:*
