

# Are we dyslexia-friendly?

Please look at each sentence below and tick a box that is relevant to you.

|  | I am confident | I have some experience | Not sure | I need to learn more |
|--|----------------|------------------------|----------|----------------------|
| I understand what dyslexia means.  |                |                        |          |                      |
| I am aware of what having dyslexia means for some of our ākongā/learners.                                    |                |                        |          |                      |
| I feel I can identify signs of a ākongā/learners with dyslexia.  |                |                        |          |                      |
| I promote an inclusive and dyslexia-friendly learning environment  |                |                        |          |                      |
| I think the learning environment, at my organisation is dyslexia-friendly.                                   |                |                        |          |                      |
| I encourage and enable ākongā/learners to ask for help and support.  |                |                        |          |                      |
| If the tools/knowledge were available to enable me to create a dyslexia-friendly environment, I would do so. |                |                        |          |                      |
| My organisation has a designated person responsible for dyslexia.  |                |                        |          |                      |
| My organisation provides the opportunity for professional development about dyslexia.                        |                |                        |          |                      |
